Information for Reinstatement of Social Work Licenses

If a social work license is allowed to lapse through lack of renewal, the license must be reinstated, regardless of the amount of time that has elapsed since the license expired.

As required in statute and regulation, all persons who allow their license to lapse are required to submit documentation of continuing education totaling 40 hours within the 2 years prior to applying for reinstatement of license. This documentation must include 3 hours of training in professional ethics, and 6 hours of Diagnosis and Treatment for all LMSW and LSCSW licenses. This continuing education must meet all current definitions of continuing education, and focus on social work skills, values, practice or knowledge.

The reinstatement process may NOT be circumvented by applying for a new license with a request for waiver of the examination.

If you have not completed the required continuing education to reinstate your license, you may apply for a six-month reinstatement temporary license, which will allow you to practice up to six months while you complete the required continuing education for your permanent license to be reinstated. You will submit the application and pay \$25 for the reinstatement temporary license.

In order to reinstate your license, you must submit the following materials to the Board office for review:

- ➤ The completed and signed Application for Reinstatement of Social Work license
- If you have completed all required continuing education, the completed and signed Continuing Education Report Form with <u>certificates of attendance</u> and all other supporting documentation for continuing education. If you would like your original certificates returned, please include a self-addressed stamped envelope.

You will be notified by email when your application has been reviewed and the reinstatement fee is due.

If you have questions about the reinstatement process, please feel free to contact the Board office, or visit the website at www.ksbsrb.ks.gov for further information.
