January 9

Board met at the Kansas State Capitol to continue brainstorming how best to deploy a 3 pillared funding system. Pillar 1 would include short term, immediate needs and time-sensitive opportunities designed to fill gaps. Pillar 2 would include multi-year investments focused on sustainability and system change. Pillar 3 would include collaborative development and pilot opportunities. More discussion needed before final decisions are made.

February 13

The Board reviewed the Annual Report and current KFA Fund Balance from the Sunflower Foundation. Further discussion was had around the 3 pillared approach to funding and brainstorming centered on potential distribution of dollars for each pillar. Any final decision was paused for future meeting discussion.

The next meeting of the Board will be held on March 13 with continued focus on strategic, long-term funding efforts and innovative grant opportunities.
